

## MURDER TRIAL OPENED TODAY

**Victor Houde Now Before  
Jury on Charge of Murder-  
ing Geo. Woods.**

Angelo; fatally injured, Jack Green.

---

**WAS PIONEER  
OF THE WEST**

The trial of Victor Houdou on the charge of causing the death of George Woods by striking him with a weapon was resumed at 10:30 A. M. today. It was begun this morning in the supreme court, before the Hon. Justice Scott. Mrs. J. Cogswell appeared as crown prosecutor. The interest in the case will be looked after by Robertson.

The following jury was empanelled: Morton Reynolds, Geo. J. Wellburn, John Nimmon, Thomas Graydon, Samuel Hagan and John Macdonald.

The first procedure was to visit the scene of the murder in the shack, on the corner of Kintinoto and Elizabeth streets, where the body of a man, who was constable from the R.N.W.M.P., was found. The body was in a box, in racks, returned to the court-room at 10:45 o'clock.

When the court resumed an order was made for the following witnesses to be on hand: Wm. Howie Andrew Haig, H. Payzant, Sergeant Tilden,

The defense will call the following witnesses, presumably to attest to the former good character of the prisoner: John Ross, Charles May, P. E. Leasard and J. H. Garipsey.

William Howey, of the city police force, was the first to be called by the prosecution. The officer related his former evidence at the preliminary hearing, and then, under the direction of Mr. Cogswell.

Cross-examination by Mr. Robertson brought out nothing new, serving only to emphasize the reality of the witness' evidence.

The chair, the poker, cards, newspapers, cup, basin, and the animal men-

**President Cabrera Assassinated.**  
Mexico City, June 9—A private dispatch received in this city says that President Cabrera, of Guatemala, was assassinated today. The news cannot be confirmed.

under cultivation. Alberta has suffered some from the severe winter, but the compensation is certainly now in sight in the promising fields of growing grain all over the province, which give every evidence to-day of the largest yield yet reaped from the broad acres of Western Canada.

---

**AERONAUT DROWNED.**

---

Became Entangled in the Ropes of Resolute.

Granite Falls, Minn., June 9.—Ensign in the ropes of a parachute, John Pappert, an aviator of Duluth, Minn., died yesterday by drowning in the Minnesota river. Pappert ascended last evening. The wind carried the balloon up the river half a mile before the aeronaut detached the parachute. In reaching his arms and legs became entangled in the ropes and when the parachute struck the water he was unable to save himself.

A telegraph letter from President Diaz, inviting Mr. Root to come to Mexico as the guest of the Mexican public. Mr. Root has accepted the invitation, notifying President Diaz through Ambassador Creel, that he will visit Mexico the latter part of this summer.

**Lighting Bolt Causes Fire,**  
Galion, O., June 7.—Lightning to-  
night set fire to the lumber yards  
of the Galien Lumber and Coal com-  
pany, and the flames are spreading.  
The loss may be very large.

A bad named Reske, about twelve  
years old, who is an unfortunate idiot,  
is before Magistrate Cowan this  
morn on a charge of gross indec-  
ency. When the condition was set  
that he proceed with the case, the magis-  
trate will communicate with the at-  
torney-general's department as to det-  
aining the boy.

In connection with the city delivery  
truck inaugurated on Saturday,  
the number of persons desiring to state  
those living in tents should in-  
struct their correspondents to ad-  
dress their mail by the route number  
which may be obtained from the ear-

## THE SHORT CUT TO EUROPE.

The latest railway project for the solution of the western transportation problem is the Hudson Bay railway. The agitation for the construction of a line to the Bay began more than a quarter of a century ago, and has been continued more or less regularly ever since. In the early eighties one or more charters for such a road were secured from parliament, and an attempt to construct a line from Winnipeg was made. The enterprise failed, however, and was followed by no further attempts until Mackenzie & Mann, the creators of the Canadian Northern, took up the matter in 1906. From Brandon, a point on their Winnipeg-Prince Albert line, a road was being running north-easterly which last year was completed as far as Le Pas, the crossing of the Saskatchewan. From this point there remains a distance of 474 miles to be traversed to the terminus at Fort Churchill. The construction of this line has been attracting the attention of the federal government and there is a general expectation that a definite arrangement for its completion will be announced during the coming session of parliament.

The Hudson Bay railway is designed as a short line to Atlantic tide water, and thus as a portion of a summer short cut from western Canada to Great Britain. From Winnipeg to Montreal is a distance of 1,422 miles by rail. From Winnipeg to Fort Churchill by the proposed route would be only 945 miles. The distance from Brandon to Montreal is 1,555 miles; to Fort Churchill 940 miles; from Regina to Montreal is 1,780 miles; to Fort Churchill 774 miles. Medicine Hat is 2,292 miles from Montreal; 1,076 miles from Fort Churchill. Calgary to Montreal is 2,292 miles; to Fort Churchill 1,256 miles. From Prince Albert to Montreal is 1,906 miles; to Fort Churchill 717 miles. Battledore is 1,294 miles from Montreal; 876 miles from Fort Churchill. Saskatoon is 1,024 miles from Montreal; 596 miles from Fort Churchill. Edmonton to Montreal is 2,247; to Fort Churchill 1,129 miles. The west stands, therefore, to save 1,800 miles of railway had an summer traffic to and from the old lands by the construction of the line to Hudson's Bay. The sea voyage to Liverpool is approximately about the same from Fort Churchill as from Montreal.

For the completion of the Hudson Bay line from Le Pas to Fort Churchill it is necessary to make a new bargain with the Canadian Northern company for the reason that the former arrangement has elapsed, and it is not considered in the best interests of the country to renew it. The general Lands act of last year empowered the Federal Government to make a land grant to any company constructing a railway to the Bay. Under authority of this act in 1905 the late government passed an order in council scheduling 5,000,000 acres of land in Manitoba and Saskatchewan from which the C.N.R. company should select land in consideration of the portion of the line north of the Saskatchewan river providing that grant land should be selected along the railway itself for the line from the river to the Bay. To earn this land grant it was stipulated that the line to the river must be completed by 1908, and strongly enough that the line from the river to the bay must be completed by 1906. The southern section of the line has been completed within the time specified, and the company is, of course, entitled to the promised grant for this section. But the northern section has not been completed, the time has elapsed, and the company has now no claim for a grant in respect of this portion. It is necessary therefore to make a new bargain with the company for the construction of this section.

The present government abandoned the policy of its predecessor, of making land grants to railways, and while empowered by the Lands Act to do so does not intend to renew the grant offered by the late government for the line from Le Pas to Fort Churchill. But that the company with the view to construct the line without assistance in some form or other in substitution for the expected land grant is decidedly improbable. While

the railway will be undoubtedly to the general advantage of all Canada it is designed for the particular advantage of western Canada, and it is considered fair that the greater portion of the burden assumed by the Dominion in securing the construction of the line should be born by the portion of the country most directly benefited thereby. The intention therefore under the new Lands Act is to apply the proceeds from the sale of pre-emption land to recoup the Dominion for whatever assistance may be necessary to secure the construction of the line. By this scheme the settlers would get the land first hand and at minimum cost, and in getting it would also get the railway to the Bay.

## WHERE ARE THE POLICE?

Is Nanawaue police? If not, why not? If so, by how many men and where do they hide? It is probably the most populous street in the city. Among its residents are two members of the city council, yet in no section are the citizens more regularly made the victims of disturbances and trouble. Bands of wandering ruffians parade the street in the mid-night hours, singing ribald songs and shrieking curses and obscenities with the fury of drunken demons. Saturday night furnished a pretty fair example of this when an order issued from end to end of the street, filling the night air with howlings and curses, stopping occasionally on corners to amplify matters or fill in the details by his own crude comment. This, punctuated by galloping horses and whirling cars is the music with which the residents of that thoroughfare are entertained in the hours when they try to sleep.

The location of the avenue, together with official inactivity is directly responsible for the outrage. Thanks to cowardice, negligence or worse, on the part of the city council, city commissioners or chief of police, the red light district still flourishes across the creek and Nanawaue avenue is the main highway to these resorts of the abandoned. The officials have been repeatedly urged to clear out the nuisance; they have neither done so nor made any bona fide attempt to do so. It still determined to inflict these plague spots on the community the least the officials can do is to exercise some kind of control over their persons. Edmonton is theoretically a law-abiding city. The citizens who respect the law are surely entitled to some protection from these who do not.

## ON THE SIDE.

A Chicago despatch announces that lambs have "jumped" three cents. Lambs will be lambs.

Fancy the Bulgarians trying to yell "Buzazi" at Prince Fakhri. It is to be hoped the Prince does not mistake it for a riot.

Chicago is threatened by a new famine. Lambs are particularly scarce. There ought to be a few around the wheat pit these days.

Considering that salt cost 50 cents per pound in Edmonton 30 years ago it is not a matter of wonder that the Old Timers are so well preserved.

This is the golden opportunity for the vegetarian apostles to administer their salacious philosophy to the Chicago laborer as a substitute for his missing meat.

## NEW ONTARIO IS RAISING RUMPUS

And Conservatives are Complaining of Mis-Administration—Talk Session.

Port Francis, Ont., June 8.—From inside of the secession movement in his district comes the cry of misadministration of the laws and the total ignoring by the government at Toronto of the material things they could advance the welfare of the district. It cannot be said that there are no politics in the movement; investigation proves that so far as the Conservatives are concerned the same conditions exist that were the case of the late Rose Government and one of the primary causes for the overthrow of Liberal rule in Ontario. The control of party association by officeholders. As an example of this, the House of Representatives of the district of Rainy River South, George Campbell, is president of the Port Francis Conservative Association and also treasurer of the executive of the district association. Mr. J. Elliott, clerk of the division court, is the secretary of the district association. Secretary of Port Francis Conservative Association is J. C. Carr, registered inspector of the district.

These are all active party workers, and the list could be carried on indefinitely. At a recent meeting for the purpose of discussing the following resolution: That this executive of the Conservative association of Rainy River South repudiate entirely any connection with the secession movement now being agitated in this district as being a Conservative movement or that it was induced by any "Conservative association."

Old Conservatives, who are outside the association, who are neither voters nor seeking office, have such a resolution, and any there is of such denying it, for they have never been accused. It is a movement of the association, but of a people and resolutions of other voters cannot change the sentiment in matter of expenditure of public money for roads. There is no change from former years, it being simply put where it will do the most good to individuals.

Another one of the primary causes of discontent is the Veterans' Land Grant Act, it being here named "Land Grab Act." According to statistics about one hundred out of ten taken by veterans, but not in a hundred taken under the act, ever became settlers, and thus one quarter of every township open for settlement falls into the hands of speculators. The act has been amended and amendments amended, but the real reason for the grant is entirely lost sight of.

Another thing they want is more representation in both the local and Dominion houses. It is asserted that it is impossible for the Federal member to really represent a people so widely scattered as those in the district of Thunder Bay and Rainy River. In the local house, Mr. Preston represents at least 40,000 people, while in the East there are districts where there are less than 20,000 and in a compact territory.

The meeting of those who are arguing the secession of New Ontario was not a mass meeting of discussion as many had supposed, but a meeting of delegates which have been appointed at previous mass meetings in different parts of the district. There were present about 100 delegates, all of them actual settlers of the land and those who are developing the resources of the country. Only a few were business men and only two professional men were present.

## FORT SASKATCHEWAN.

What might have been a very serious fire occurred today in the baw of Peter Blanchette, situated off Dennis avenue, directly behind George Hill's residence. The fire broke out splendidly in confining the fire to the barn, as there were several residences and other barns in very close proximity. Fortunately, there were no horses in the building, but a new hayrack and set of harness, a quantity of hay, etc., along with the barn were burned to the ground. We understand Mr. Blanchette's fire insurance had expired a few days previous and he had decided not to renew his policy. The cause of the fire is unknown.

The story visited the house of Mr. J. W. Shera on Saturday last, leaving a little sore.

Two Presbyterian students, Mr. G. M. Dix and Mr. J. N. Mutch, from Toronto, spent a few days at the manse this week. They came to see the convener, Rev. A. Forbes, and to get instructions for their future work, as student missionaries. It was interesting to see these young men getting their first lesson in house-manship. Mr. D. Sumner was also present, and he was very helpful in their work. They were very much interested in the work, and they were very much encouraged by the sincerity and business-like manner of these young men, assurance that they will make good missionaries.

A new temple is being built around the Presbyterian Church property. The Forbes auxiliary of the Women's Home Mission Society met in the manse on Wednesday afternoon. After the usual business had been transacted, Mrs. H. Wright read a paper on Mission Work in British Columbia and the Yukon. This paper was of exceeding interest, showing great knowledge of the conditions in the Northwest. The members of the society took great interest in this reading with great pleasure, as the papers

on the different work are proving both interesting and instructive.

Mr. J. Morel has begun making bricks again, he has everything ready for the start, with a start of 20 workers.

A large number of citizens went to Lams on Saturday and Sunday to watch the building of the Fabrik herd of buffalo. It was an interesting sight and a number of good snapshots were taken of the animals and surroundings.

Mr. Percy Hood of Alberta College, Edmonton, spent the week-end in the Port, visiting Mr. and Mrs. Balz.

Karvan Brothers, contractors, are building a brick veneered house on Ross street for Mrs. A. E. Dyment and Henry Logan were presented to the king, C. E. Kingault was also present at the Leves.

The colonial educationists were welcomed to Birmingham by Sir Oliver Lodge, J. L. Hughes, replying on behalf of the delegates, announced that the college had said about greater liberty being required. For colonial educationists they had gone beyond Birmingham in Canada, and even had the faculty of domestic science.

## COLLEGES UNDER DISCUSSION

At the Meeting of Presbyterian General Assembly, Manitoba College Prospering

Montreal, June 9.—Saturday at the Presbyterian general assembly was devoted to a consideration of college matters. Rev. Dr. McMillan, of Halifax, reported for Pine Hill College, Nova Scotia, giving a thoroughly cheering and satisfactory report. There are large numbers of students in attendance at this college. The plant for work is a good one, and a large promise for the future all point to the place the college has in the affections of the people of the Maritime Provinces. The receipts for the year were \$17,671, an increase of \$2,000, of which \$2,000 was a special contribution by the business men of Halifax.

Dr. McMillan announced the resignation of Rev. Dr. Falconer as principal and professor of Greek and Exegesis. He eulogized in glowing terms the character and worth of Prof. Falconer as a man, a scholar, and a teacher. In the constituency where he has labored all denominations look upon him as a friend and helper. Rev. Dr. McGill was elected to the position of Principal, and Rev. J. W. Falconer, minister of Fort Maury church, Halifax, to the chair of Greek and Exegesis and permission asked by the board to fill the chair on practical theology.

Principal McGill addressed the assembly in suitable terms, dwelling on the departure of Dr. Falconer, whom he has been associated with. He predicted bright days for the Maritime province, and told of the attachment of the people there to the college. Pine Hill, he said, is loyal to fundamentals of evangelical faith. New theology has no place in Pine Hill, because it is not new nor is it theology.

Principal Patrick reported for Manitoba college. He began by congratulating President Falconer on his appointment to the second largest university in the British Empire. He dwelt on the work of the college, which has been undertaken and done in Manitoba college. The board has set itself to solve the problem for providing native ministry to the Greek church. The board has secured the services of Rev. J. J. D. Fleming, of Scotland, as professor of systematic theology in succession to Prof. Kilpatrick.

Principal McGill followed. When he was in Winnipeg some years ago, he asked himself if there really was need for the Manitoba college, and after a careful study of the situation he came to the conclusion that for the sake of the country, the college the college there was necessary. The receipts for the college work during the year were \$34,000.

The Ven. Principal McLaren replied for Knox college. The plans for securing a new building have not been forwarded much since last year. The money needed for this project is in the hands and pockets of the college friends, but the method of extracting it has not been found. Through several bad investments made by the late Dr. Warden of college money, the sum of \$27,000 had been lost. They were made in good faith, but as they were made in channels of commerce which had indifferent standing, the board could not recover. The board has decided not to make any claim on the estate of the late Dr. Warden, but will let the matter drop. He moved the adoption of the report. Sir Thomas Taylor seconded the motion, referring to the unfortunate fact stated by Principal McLaren with reference to the financial loss.

## E. H. HARRIMAN IS IMMUNE

From Prosecution, U.S. Government May Prosecute Anthracite Coal Company Roads.

Washington, June 8.—Secretary Lusk late tonight issued this statement: The conference between the president, the interstate commerce commission and members of the cabinet at the White House to-day was held for the purpose of affording an ample opportunity for the presentation of the interstate commerce commission's report on the anthracite coal roads. It was a preliminary nature. After a report has been made the attorney general will, of course, carefully consider it.

The discussion took a very wide range. Much of the time was devoted to the Harriman-Alton deal. Every phase of that transaction was thoroughly gone over. The discussion was participated in, more especially by the president, Mr. Kellogg, Attorney-general Bonaparte and Commissioner Knapp and Lane. The conclusion was promptly reached that however damaging the evidence against Mr. Harriman, his testimony in the interstate commerce investigation gave him complete immunity from criminal prosecution. Commissioner Knapp explained that he had not completed the investigation, and therefore was not prepared to give a definite opinion as to the government being warranted instituting suit to nullify the Alton deal. As soon as the interstate commerce commission has completed its hearing in the case a report would be made to the attorney general. He will then take up the matter and determine what or any action will be taken.

It is not expected, therefore, that any immediate proceedings will be begun. The question of the prosecution of the late Harriman coal carrying railroads was discussed, but the matter was finally left in the hands of the attorney-general for such action as he may see fit. No instructions to bring suit were given him, and there appears to be some question whether any action will be taken in the near future. The prosecution of the anthracite carrying roads will in all probability be begun in Philadelphia next week.

The roads involved include the Delaware, Susquehanna and Schuylkill, the Philadelphia and Reading, the Lehigh Valley, and the Delaware and Hudson, the New York Susquehanna and Western, the Delaware, Lackawanna and Western, the Central railroad of New Jersey and Erie. The Pennsylvania and several other roads may become involved as suit progresses, but at this time no formal complaint will be filed against them.

### Pleased With Lament.

Regina, Sask., June 8.—The Sabbath Observation Committee of the Saskatchewan conference brought in the following resolution which was carried: "That the Saskatchewan conference of the Methodist Church convened in Regina do hereby congratulate the Hon. Mr. Lament, attorney general of the province, on the stand he has taken in regard to Sabbath observance on Lord's Day, and would respectfully draw his attention to the fact that in many parts of the province the Sabbath is not yet observed as it should be."

### McInnis for Manitoba Cabinet.

Brandon, Man., June 8.—The announcement was made here that Dr. McInnis will enter the Manitoba cabinet as Provincial Secretary and Minister of Education. He is to be sworn in on June 17th. This confirms the rumor previously published.

## VICTIM OF ROSEDALE BRIDGE.

Unknown Woman Threw Herself over Highest Toronto Bridge and Was Killed.

Toronto, June 9.—On Saturday an unknown woman threw herself over the second Rosedale bridge, and was instantly killed. She had been seen sitting in a strange manner for some time on the bridge, and a man asked her what she was doing. He got for a reply that she was waiting for her brother.

When he turned his back he heard shouts from people passing, and turning round saw her running to the rail. He grabbed her hands and held on to her, but before help could arrive, she wriggled out of his hands and fell, leaving one of her gloves in his hand. She had nothing on her to identify her by, and she was taken to the hospital. When picked up she had both arms broken and two terrible gashes in her head. Stiffness was shown by her constant looking over the railing to the road below. This is one of the highest bridges in Rosedale, and she chose the very centre of the highest spot to throw herself over.

## WIFE OF MURDERER.

Committed Suicide by Drowning Herself in a Swissland Lake.

Berlin, June 8.—A despatch from Karlsruhe to the Lokal Anzeiger says that Mrs. Karl Hau committed suicide by drowning in a lake near Pfaffenlohn, canton of Zurich, Switzerland. Mrs. Hau was the wife of Karl Hau, professor at law in George University, who is to be tried on the charge of the murder of his mother-in-law, Mrs. Molter, at Baden last November. Mrs. Molter had planned to leave a part of a large tract, disappeared income tax, Hau was arrested in London in November.

## Yukon Appointments.

Ottawa, June 9.—E. C. Senkler is gazetted as legal adviser to the Yukon commission, vice F. T. Congdon resigned, and designated public administrator. He will receive \$50,000 salary, and can collect fees for his services as public administrator. F. X. Gosselin, assistant gold commissioner, gazetted gold commissioner at a salary of \$8,000.

## Boy Drowned.

Swift Current, Sask., June 8.—Little Kenneth, the five-year-old son of E. J. Brown of this place, was accidentally drowned today in the Swift Current river. He went to the river with a dragman and wandered off.

## To Receive Instructions.

Ottawa, June 8.—Former Judge Alex. Henderson, of Vancouver, has been summoned to Ottawa to receive instructions in connection with his appointment as commissioner of the Yukon.

## Winnipeg Hotel Burglarized.

Winnipeg, Man., June 8.—The Empire Hotel was burglarized last night a number of guests were relieved of jewelry by smooth operators.

## Hair Cut \$5 Cents.

Winnipeg, Man., June 8.—Barbers tonight decided to advance prices about 40 per cent. It now costs 30 cents for a haircut.

## Falling Trunk Killed Girl.

New York, June 8.—A trolley car ran into an express rig on the Brooklyn bridge to-night, hurling a heavy trunk over the high railing into the street below, where it struck and killed a little girl 11 years old.

**PATERSON'S**

## VANZANT'S SUCCESSOR

As Governor of Toronto Jail is Methodist Parson. Church Interference.

Toronto, June 9.—Rev. Dr. A. H. Chambers, of Parliament street Methodist church, received official notice of his appointment as governor of the Toronto jail. He entered the ministry in 1883 at Kingston, and for twenty-five years has been stationed in Montreal, Quebec and Toronto, having served the last sixteen years here. He is a native of Fermanagh, Ireland, and is about sixty years of age. He is a graduate of McGill university.

There is some feeling in political circles over the appointment. According to Dr. Chambers's statements he has not been a party-man, and vigorously opposed the Tupper administration and voted Liberal on many occasions.

## Flagman Directed.

Washington, June 8.—Two persons were killed and eleven others were injured in a wreck on the Walnut road here to-day. The Toledo express, westbound, ran into a coal train on a siding. The flagman of the coal train, who is said to be responsible for letting the passenger train run on the siding occupied by the coal train, disappeared immediately. The engineer has his nose broken.

# GOOD SENSE

There are many good Nebraska towns in fertile farming country containing ten thousand population whose best business lot frontage sells from \$300 to \$500 per foot. Vegreville has tributary to it ten times as much land than any good Nebraska town and land that will produce twice as many bushels of grain per acre in ten consecutive years than any land in Nebraska; another thing, the Vegreville district has wood and a good deep seam of coal has been found inside of the city limits. What would be the present population and lot values of the Nebraska towns if every dollar spent in the last twenty-five years for high priced coal (7.00 per ton for soft to 12.00 for hard coal) had been kept at home beside bringing in outside money for coal and manufactured things that cheap fuel produces? The 10,000 population town would now be 25,000 or over and the best lot frontage would certainly be over \$1000 per foot. Vegreville will beat Brandon because it is the centre of a bigger farming district and HAS COAL. See us about the big low priced lots we have for sale in Vegreville. Wide streets and alleys. We freely advise their purchase and think they are money makers.

## ARE WANTED FOR TERRIBLE CRIME

Americans Who Committed the  
Frightful Murder in New York  
Supposed to be in West.

Instructions are issued to the local mounted police barracks at Edmonton, as well as to their western stations of the R.N.W.M.P. to watch for three Americans, who are wanted for the murder of a priest in New York two weeks ago yesterday. It was thought that the men were captured a few days ago at Calgary, but a description of them being wired from Boston, and the men answering questions satisfactorily were released.

### Terrible Crime.

The men are to be charged with one of the worst crimes in the history of the New York police. They are said to have taken Rev. Father Caper, pastor of the American Apostolic church and priest, and with him a trunk while still alive. The list of the trunk was then closed down and the priest left there to suffocate. When found he had left the body and the New York police immediately set out to secure the murderers. They were traced as far as Montreal, where they left a week ago last Sunday, and it is thought they are enroute about this section of the country.

The official information of the presence of these three murderers in the west is given out by the following message from Commissioner Perry to all western divisions:

R.N.W.M.P., Regina.  
Offices Commanding.  
The ever effort to arrest these Americans for murder in New York—namely, Eugene, Paul Smith, and John Moran. First two 22 to 24 years of age, medium build, smooth faces. The latter, dark complexion, dark hair, nose prominent, big nose, long legs, age 25. All were dark clothes and left Montreal on the 26th May. Make thorough search.  
A. B. PERRY,  
Commissioner.

Acetylene does away with all  
the bother and inconvenience that  
go with kerosene lamps.

There's the disagreeable smell  
of oil, the everlasting cleaning of  
lamp chimneys, trimming the wicks,  
filling the lamps, etc.

Then there's the constant danger  
of your lamp exploding.

Whenever you want light you've  
got to take the lamp with you.

You never know when you may  
trip over something and fall, while  
carrying the lamp.

And what will the consequence  
be?—probably an explosion, fol-  
lowed by fire.

A fire in the country means a  
total loss of property, apart from  
the risk of being burned alive.

If you have children around  
where there are lamps, you've got  
to be constantly on the watch to  
see that the lamp isn't overturned.

But why continue to run these  
risks when you can have your  
home lighted with an absolutely  
safe light—acetylene?

It costs very little more than  
kerosene.

To produce acetylene of the  
greatest lighting power, you need  
a Calcium Carbide—the best  
and most satisfactory carbide made.

You want to know more about  
carbide, don't you? We shall be  
pleased to give you information if  
you send us your address.

The  
Shawingian Carbide  
Co., Limited,  
Montreal.

## I will guarantee it for TEN years and give you THREE years to pay for the "PEERLESS" INCUBATOR

Page 15 of my FREE Book tells why  
the air is always clean inside this one  
incubator—and why that matters to you

Most incubator-men talk  
loud about steady heat and  
little about Clean Air. I can  
afford to talk both, and  
more besides. Because—

The Peerless is the incubator that hatches with  
clean air—the incubator that has real ventilation.

Now the quality of air an incubator-chicken gets  
before it's hatched is far more important than the  
quantity of food it gets after it hatches.

And many a poultry-for-profit venture has gone  
to smash by the carbon-dioxide route—bad incu-  
bator-air. Carbon-dioxide is a deadly gas every  
egg gives off as it hatches.

Open the ordinary incu-  
bator's door and sniff—  
that, sulfurous, musty  
choking smell is carbon-  
dioxide; and it is poison  
to animal life.

There is no smell in a  
Peerless—the poison is  
continually flushed out  
of the Peerless hatching  
chamber. Remember  
that for almost 300 hours  
the chick breathes what  
air seeps through the poru-  
ous shell. If that air is  
poison loaded, as it is in badly-ventilated ordinary  
incubators; that chick is stunted, its vitality im-  
paired; its vigor weakened; its future life mostly  
lost.

It never can thrive on Peerless-hatched chicks,  
that breathe pure, clean air, do thrive.

Remember, too, that this is only one of fifteen  
plain reasons why the Peerless incubator not only  
hatches every chick that can be hatched, but gives  
those chicks the right start.

Every one of the fifteen reasons means the  
difference between money made and money  
lost in poultry-raising.

## FINE DISTRICT FOR RANCHING

W. H. Jack Talks of Things  
Around the Yellowhead  
Pass.

N. H. Jack, the well-known trader, freighter and guide, of the Yellowhead Pass, came into the city yesterday by the way of Lac Ste. Anne. Mr. Jack returned to the lake about ten days ago from a trip to the pass, accompanied by "Sam" Mabeley, the Minnesota lumber king, who was taken over the districts along the railway survey up through the pass and down as far as the big bend of the Fraser.

Mr. Jack had nothing to say as to the results of the trip, but hinted that the timber limits were scarce in the pass proper, although there were plenty farther down the Fraser.

When asked as to what he knew of the reported gold strike in the Yellowhead, Mr. Jack explained that he had spent most of the winter at Lac Ste. Anne, and this had been his first trip to his old camping grounds this season. His attention had been given solely to his employer and he heard nothing more than the report. He would not be at all surprised if gold in paying quantities were to be found, as in his nine years of life as a trader he had spent some time privately prospecting and had found quite a bit of coarse gold.

He thinks the Yellowhead one of the best ranching districts in the West. It is directly in the Chinook belt and spring comes on about a month earlier than on the prairie. Stock is wintered out and this spring the cattle are looking fine.

Furs are becoming scarce and all the traders and trappers are turning their attention to ranching or freighting. Mr. Jack is taking a party of prospectors and land-hunters out to the Yellowhead the first of the week. He goes out to Lac Ste. Anne today and the party will be got together and provided with pack horses and outfit there.

Collingwood Schriber, chief engineer of Government House, and his party left Lac Ste. Anne for the Yellowhead on Tuesday last.

## BISHOP PINKHAM AT ST. PAUL'S

Congratulates Young Church  
on its Work of the  
Year.

Last evening the congregation of St. Paul's Church had the pleasure of listening to an address by the Bishop of the Diocese of Calgary, Right Rev. Wm. C. Pinkham, D.D. His address did not take the form of a sermon, but rather that of an administrative of a father to his children, the members of the church. He took as his text the words of St. Paul the Apostle in his Epistle to the Corinthians, "Every man according as he purpeth in his heart, so let him give, not grudgingly or of necessity; for God loveth a cheerful giver." He also spoke along the line of thought expressed in the words "Be ye doers of the word and not hearers only, deceiving your own selves."

In opening his remarks, the Bishop expressed his deep pleasure and satisfaction in speaking to the members of this young church, and appreciated very much the good work done by the Sunday school, the boys' brigade, the ladies' guild and choir. He was very much interested in the boys' brigade; something that the churches in Calgary were without, but were anxious to learn about. It was his first visit to the church since it became a unit in the diocese and independent of All Saints, and was glad to see it have the same privileges in the synod as those enjoyed by the larger congregations.

He had spent 20 years in the service of the church in the west as deacon, priest and bishop. New-comers to the west would find conditions somewhat different from those in the old country. There are no endowments here nor poor rates to be paid, but all are welcome and free, and all worshippers are equal in the sight of God and the church.

The church in the west is as yet not self-supporting, but he was working toward that end, and in a short time hoped to see it not only supporting itself but giving assistance to the workers in the cause in other portions of the field. Some of the trials of the diocese are receiving support from England and the east.

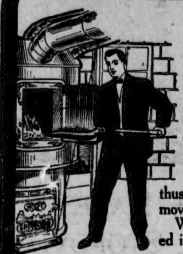

This year saw the twentieth anniversary of his consecration as a bishop. He was for some time Bishop of Saskatchewan and Calgary combined. When he became Bishop of the Diocese of Calgary, a district extending from the international boundary on the south to nearly as far as Athabasca Landing on the north, and from the provincial border of Alberta on the east to the Rockies on the west, there were only eight clergymen in the whole diocese, and they were all but one in Calgary and the south. There are now nearly 50, and 10 are expected to add quickly over the field. To accomplish the work to be done, more of the churches already established must become self-supporting. It was not his to command, but he would not that the vestry of St. Paul's raise one year \$50 toward the support of their minister, the Rev. Mr. Wilkinson, and by next year he wanted them to be self-supporting. He made a little appeal for the continued interest and good work for the church. "The more you do the greater the blessing, give your whole heart to the work, and have faith in your church," work and have faith in your church. The question of the debt on a new church was always a difficult one, but that question could easily be left to

the faith of the church, and if there was a way of solution, the ladies would always find that way.

Tornado in Illinois.  
Hogtown, Ill., June 7.—A tornado struck here tonight. The wind swept over the residence part of the city, snapping trees, lifting roofs and carrying several houses off. Thousands of dollars' damage was done. No loss of life is reported.

## AROUND THE CITY

### LOCAL.

Dr. Fargherson and Dr. Darling have removed to new offices over the Imperial Bank.

John Hall, a well known baritone of Calumet, Mich., upon an engagement at the Bijou today.

Ben Harg and The Fredrigal Son will be the subject of a set of moving pictures at Queens Avenue Presbyterian church this evening.

Joseph Tracey, who is suffering from an attack of inflammatory rheumatism, was taken to the General Hospital on Saturday.

The annual meeting of the W.C.T.U. will be held in the Baptist school room on Wednesday afternoon at three o'clock for election of officers and other business.

At the Epworth League of McDougall Methodist Church tonight there will be a temperance league, and the leader will be Mr. J. W. Hargrave. A meeting of the executive will be afterwards held.

The case against W. G. Bellinger, charged with misappropriation of the funds of certain farmers, came on before Inspector Worsley on Saturday afternoon and was further adjourned for a week.

Next Sunday will be the last of the annual meeting of the Baptist convention. On the following Sunday the pulpit will be occupied by minister attending the Baptist convention.

About 11 o'clock on Friday night a man named Watson was brought to the General Hospital by the ambulance. The man was driving his team along Donald street when the team ran away. Watson was thrown from the rig and had his hand badly hurt.

The Northern Hardware Company are erecting a warehouse on Third street. The old log warehouse formerly occupied by them behind the stores will be taken down to make room for the new building that is to be erected on this lot by the Blouet-Henry Company.

The western tour of Mrs. Pike, which is brought near its conclusion with her appearance in Winnipeg, will cover 12,000 miles and require a period of ten weeks. She will appear as far south as El Paso and Texas, northward along the Pacific coast from Los Angeles to Vancouver, and back along the line of the Canadian and Northern Pacific railways, and after reaching Calgary the company will appear in Edmonton, Brantford, Winnipeg and St. Paul. Notwithstanding the fact that many have the impression that \$7 will be charged for this great attraction, the public will be pleased to learn that \$5 will be the highest price.

### PARTY OF HOMESEEKERS.

A large party of homeseekers arrived the city yesterday and are gathered at the Brunswick. They are all North Dakota farmers, coming from the vicinity of Minot, Cando and Langdon. Included in the party are the following: J. G. Hunt, wife and two children, Mrs. Hunt and daughter, M. Trindon, Mr. Johnson, A. Johnson, A. Olsen and K. E. Hestrom.

### NORWOOD MISSION.

The expectations of the Methodist people in the northern part of the city have been fully realized. A large tent on the corner of Spruce and Kennedy streets has been in use just three Sundays, and already the Sunday school has an enrollment about 30. It is expected that the Rev. Mr. Law, who has been placed in charge, will start regular Sunday preaching services in two weeks.

### AT GRACE CHURCH.

Yesterday was a record-breaker for Grace Methodist Church. The congregation, both morning and evening, were very large. In the evening a large number of extra seats had to be brought in. At the close of the service the sacrament of the Lord's Supper was administered. Dr. Rishel, president of the Alberta conference, taking part. Thirty-six new members were received. In the afternoon the attendance at the Sunday school was 274.

### GUESTS GRATEFUL.

We, the transient guests of the Alberta Hotel, wish to extend our hearty thanks to the staff, who have done everything in their power to make our detention as pleasant and as agreeable as possible. We wish to make special mention of Mr. G. C. Bishop, the chief steward, and Mr. George W. Dwyer, the chief clerk, who have shown us a kindness which should be an example to other hotels which may be so unfortunate as to be placed in a similar predicament.

Signed on behalf of our guests by THOM COULAX, F. W. ARMSTRONG, W. H. WARDLE, W. FERGUSON.

ELECTRIC LIGHT FOR LLOYD-MINSTER.

Mr. P. D. McFarlane, Alberta representative of the Canadian Furber Co., returned from Lloydminster last night. While there he was successful in closing a deal for a 100 h.p. gas producer electric light plant for that town.

### REAL-ESTATE EXCHANGE.

The real-estate men of the city have decided to form a real-estate exchange and a meeting in the Board of Trade secretary's office the following were appointed to draw up preliminary and a constitution for the organization: Messrs. J. A. Magrath, H. G. Brannan, J. B. Clair, R. A. Morris, H. Gilbert, H. B. Ketchen and J. B. Walker.

### PERSONAL.

Mr. and Mrs. W. O. Helen are into arrive from London, Eng.

Mrs. L. Hamilton of Comrose, is a guest at the Pendennis.

Dr. Martin Murphy, the government engineer is in the city.

A. W. Ponton, of Macleod, is in the city today.

Peter Thor, of Ross Creek, was in the city Saturday.

Mr. and Mrs. P. Stoen, of Grandview, Minn., are at the Queen's.

J. Noel Nivin, a Calgary travelling man, is on a business trip to the city.

Chas. Hanson of Cripple Creek, arrived in the city on Saturday. He will locate in Edmonton.

S. H. Simmons, a prominent North Battleford contractor, is at the King Edward.

Mr. and Mrs. J. Moore, from the famous County Down, Ireland, are newcomers to the city.

H. N. Kidd, a prominent business man of Spokane, arrived in the city yesterday.

F. B. Kitchell, advance agent of the Angus Company, is at the Cecil today.

R. A. Watson, of Beatrice, Neb., arrived in the city yesterday on the C. P. R.

E. A. Mosking, V.S., of Lloydminster is spending a few days in the city.

Mr. and Mrs. R. B. Mosher, Toronto, are spending a few days in the city.

H. R. Bain, superintendent of the C. P. R. news and dining car department of Calgary, is in the city today.

E. C. Perry, of Calgary, is on a business trip to the city in the interests of the Alberta Electric Co., Ltd.

Howard H. Holladay and M. Thompson, two prominent Vegreville men, are spending the day in the city.

Mr. St. Laurent and family, of Saskatoon came in on the C. S. R. on Saturday. They are stopping at the Cecil.

Pierre Finckharray, of Cogenac, France, representing "White Rock" Lithia water and other brands of waters and wines, is spending a few days in the city.

J. J. Moir came in from Vegreville Saturday night to spend a few days visiting friends in the city.

Jas. Ballour, superintendent of the Canadian Railway, is absent tomorrow. He came up from Calgary on Saturday.

F. X. St. Charles, of Montreal, one of the largest wholesale wine merchants of Canada, is a guest at the King Edward today. Mr. St. Charles is having a look over the west with a view to establishing a branch of his business.

C. G. Cunningham, manager of the North West Electric Co., at Calgary, is on a business trip to the city.

J. P. Minihime, a general manager of the Fred. C. Wood Co., Ltd., came up from Calgary on Saturday accompanied by Mrs. Minihime. They will be in the city a few days guests at the Alhambra.

CITY ELECTRICIAN'S REPORT. The report of the city electrician, A. W. Ormley, for May has just been issued.

During the month there were 99 applications for incandescent services, two for power service and 62 wiring permits were granted.

In the incandescent lighting, 198 connections were made, six disconnections, an increase of 49 during the month.

As power service there were three connections, and one disconnection.

CONFIRMATION SERVICES. There were twenty-five candidates who were presented at All Saints' Church for confirmation yesterday.

His Lordship Bishop Finckharray, of Calgary, administered the sacrament. His Lordship addressed the candidates in testing terms.

His Lordship gave an address to the congregation generally. Rev. Mr. Gray presided at the evening service.

There was a very large attendance at both services. His Lordship, the bishop, presided at St. Paul's Church last evening to a large congregation.
